

**ASX Announcement**  
20 December 2023

## **Far North Queensland Cyclone and Flood Update**

Eureka Group Holdings Limited (ASX: EGH) (“**Eureka**” or the “**Company**”) provides the following update relating to Cyclone Jasper and the associated flooding which has impacted Far North Queensland.

Eureka has two villages in Cairns in the suburbs of Smithfield and Earlville, which are 12 kilometres north and 4 kilometres west of the Cairns CBD respectively.

We are pleased to report the villages were not damaged by the cyclone and were not inundated by floodwaters. All residents remained safe and did not need to be evacuated.

Eureka has a Resilience Plan in place for all properties north of Hervey Bay. This plan includes a storm preparation program which is reviewed annually and comprises a critical action check including audit and resupply of sandbags, infrastructure and building inspections, inspections of trees by arborists to address any hazardous situations, review of food and drink supplies and communication channels to storm management authorities.

Eureka’s Board and management extend their sympathy to those who have been impacted by this weather event.

Eureka will continue to monitor the impact of this weather event and will provide further updates as necessary.

*This announcement was approved and authorised for release by Eureka’s Board of Directors.*
