Village Acquisitions & Brown Field Development Opportunities

During the 30 June 2015 financial year the **Group acquired 9 seniors rental villages**, 5 manager's units, a communal village hall and 2 x management rights. The 9 rental villages contained 524 units and were purchased for a consideration of \$29.2m. This is consistent with Eureka's growth strategy to acquire high performing villages and associated management rights.

Since 1 July 2015, Eureka has announced **5 acquisitions**:

- Mt Gambier Village for \$2.25m in September 2015 – 45 units (settled)
- Rockhampton Village for \$3.25m – 42 units (settled)
- Bowen Village for \$1.32m – 50 units (settlement to be completed)
- Wynnum Village for \$4.0m – 41 units (settlement to be completed)
- Terranora Village for \$7.0m – 80 units (subject to due diligence)

Eureka has 2 more villages under Due Diligence and a clear line of sight on a further 7 villages that have completed preliminary demographic due diligence.

Existing owned villages excluding Terranora offer the opportunity to generate internal/organic growth of > 250 new units taking advantage of the existing land and community infrastructure. Terranora village has a balance land component of 5 hectares subject to development approval.

About The Industry

For personal use only

- There are over 2,270 facilities catering for aged accommodation across Australia, with approximately 184,000 residents.
- The number of residents is expected to increase to around 382,000 by 2025 which is more than double the number of residents today.
- Rental is the most affordable and often the only option for residents that rely on the pension as their only source of income.
- Research indicates that 15,000 new retirement dwellings are required per year over the coming decades.
- The Australian Bureau of Statistics forecasts a consistent increase in population of the over 55 demographic in the coming years which will drive rental demand.
- In 2012 home ownership in Australia dropped to 67% and the number of people renting rose to 25%.
- Not only has the proportion of renters increased by 2012 but the proportion of households that have paid off their mortgage by retirement age have slumped from 42% to 31%.
- The graph below models Australian population projection for persons aged 55 years and over.
- The flexibility of a rental solution offers greater access for the delivery of in home aged and disability care services.
- There is increasing demand for accommodation that is able to provide for the affects of disabilities that over time impacts our ageing population.
- Government policy dictates that more and more people will be assisted to age while remaining in their home.

GROWING OLDER POPULATION

Source: Colliers International: Healthcare and Retirement Living – Research & Forecast Report (2015)

- Of the 2.34m people receiving a pension, 2m people receive a full government pension.
- All Eureka villages have strong enquiry driven by demand from an increasing aging population. Rental is the most affordable and often the only option for residents that rely on the pension as their only source of income.
- There is also increasing demand for accommodation from those with disabilities that over time impacts our ageing population.
- Government policy dictates that more and more people will be assisted to age while remaining in their home. This is having a significant impact on public housing where a family once lived that now accommodates only one aged resident. This blocks the flow of new families into public housing until the aged resident is relocated.

Australian residents aged over 65 years old weekly earnings (2011)

- Property Council of Australia has identified a “tsunami” of Australian’s approaching retirement as highlighted in the graph to the left.
- A significant portion of this population will be forced to seek rental accommodation in retirement as it will represent their only affordable option.
- This is the most dominant and growing market segment of the Australian population which will drive demand for seniors’ accommodation.
- 71% of Australian’s aged over 65 have total earnings (from all sources including government pensions received) of less than \$600 per week.
- Over the next 20 years the number of Australian’s aged 75 and above will more than double.
- Average superannuation account balances were \$82,615 for males and \$44,866 for females in 2011-12.

Industry Potential

- Around 1,750 villages in Australia.
- Approximately 60 villages managed by corporatised entities; Balance owned & managed by owner operators/single strata title structures.
- Strong demand trend driven by significant growth in seniors population.
- Existing inventory insufficient to meet growing demands.
- 200 - 250 villages are directly comparable to the villages Eureka has purchased.
- Potential to acquire 50+ villages in the future.
- Ability to reposition existing assets into affordable seniors rental solutions.
- Revenues shown to be largely immune to economic cycles; eg escaped impact of GFC.
- Positive rental growth and cash flow generation year-on-year.
- Expanding gap in the market as other service providers move their product up in market price and away from a rental option.

Eureka strongly believes providing low cost accommodation for retirees reliant on pension and/or rent assistance is the largest and fastest growing retirement sector in Australia.
